Burgundy Taste on a Beer Budget: 7 Affordable Bottles to Buy Right Now

Less than 5% of French wine comes from Burgundy, but don't let this region's size fool you. Bottles from this tiny area vary in flavor, style and complexity, making a bottle of Burgundy something truly special.

"Burgundy is no more than 60 miles from North to South, and it produces some of the most beautiful profiles of Chardonnay and Pinot Noir," says Anna-Christina Cabrales, tasting director at Wine Enthusiast and Burgundy and Rhône Valley wine reviewer. "Winemakers around the world try and replicate the nuances and balance of this region."

Our Favorite Burgundy Bottles

Louis Latour 2020 Bourgogne Pinot Noir

Focused aromas of black cherry, rhubarb, wild mint and turned earth come together in the glass for a complex nose. The palate offers deep red cherries beautifully balanced by mushroom, thyme and black tea notes. Drying tannins are balanced by brisk acidity that provides lift to this dark-fruited profile. Approachable now.
