Description

Despite its enormous hectareage and output, the area of Chablis now produces less than 5% of what it did a hundred years ago. The lower yields and improved viticultural practices have made this wine a perennial favourite. "Les Clos" is exposed from south-east to south-west and is the biggest Grand Cru of Chablis. The king of the Grands Crus appellation: a rich, luscious wine with great complexity of flavours. The wine, above all other, for keeping.
