Description

Situated just south of Volnay and Pommard in the Côte de Beaune, Meursault is the most extensive southerly white wine commune of the Côte-d'Or. Surprisingly enough for an appellation of this quality, no Grand Cru exists, however the high quality of the 1er Cru more than compensates for this. The vineyard of Meursault « Perrières » tends to show a soil that is thinner and stonier than many of its immediate neighbours, producing what is arguably one of the finest example of the wine from this village.

Wine tasting

- TASTING NOTE It has a remarkably complex and perfumed nose which often needs a few years longer than other Meursaults to develop. The palate is opulent and rich with peach and nut notes that is long on the finish.
- CELLARING POTENTIAL 6-8 years
- FOOD PAIRING Chicken in cream sauce - skate in brown butter - white truffle risotto - Epoisses cheese
- SERVING TEMPERATURE 12-14°
