Vinification & Ageing

- FERMENTATION Traditional in oak barrels with complete malolactic fermentation
- AGEING 8 to 10 months ageing in oak barrels, 15% new
- BARRELS Louis Latour cooperage, french oak, medium toasted

Description

Situated just south of Volnay and Pommard in the Côte de Beaune, Meursault is the most extensive southerly white wine commune of the Côte-d'Or. The perfect south-easterly exposure and the stony, marl soil contribute greatly to the remarkable finesse of which the wines of Meursault are capable. Typical Meursault tend to be very full, mellow wines and mature somewhat sooner than the wines from the neighbouring communes of Puligny and Chassagne.

Wine tasting

- TASTING NOTE Flashes of lemon-yellow in the glass and a nose, youthful in its fruitiness, with aromas of fresh flowers and minerals. Crisp acidity and ample structure with hints of lemon zest. A fresh, up-front wine which promises grandeur. Tasted 06/02/03.
- CELLARING POTENTIAL 3-5 years
- FOOD PAIRING Prawn cocktail avocado - grilled sea bass - stew of veal in a cream sauce - Beaufort cheese.
- SERVING TEMPERATURE 12-14°

Press review

Meursault 2001 - Very Highly Recommended by Armando Luis (Wine Director). Sparrow Wine & Liquor - October 2005 :
