Description

The village of Morey-Saint-Denis can be found just to the south of Gevrey-Chambertin and produces wines that are predominantly red and which were not distinguished from its neighbours until the strict application of the Appellation Contrôlée laws in the 1930's. The wines, on the whole, show a greater depth and concentration than those of Gevrey-Chambertin and their tannins are less forthright. They tend to be rich with lashings of red and black fruit character.

Wine tasting

- TASTING NOTE This wine displays a deep rubis hue. The nose is intense on grilled coffee and blackberry notes. The palate is full, very fesh but also spicy and reveals blackcurrant and liquorice aromas. Nice length.
- CELLARING POTENTIAL 5-7 years
- FOOD PAIRING Game - red meat - mature cheeses
- SERVING TEMPERATURE 15-16°
